

After receiving an FEC letter dated March 19th, action due April 18, 2008 for October Quarterly Report (7/1/07-9/30/07) and rectifying that, it became evident that the same mistake was made when filing the year end 2007 Quarterly report. This was filed 1/30/08. The calculations on line 11(a)(1) were inaccurate. This filing corrects that.
