Re: C00252940

Letter dated April 10, 2009, referencing the Amended October Monthly report (09/01/08 09/30/08), received 01/30/09.

Dear Ms. Della Rocco:

The Amended October Monthly Report was filed on 1/30/09 when it was discovered internally by the League of Conservation Voters (LCVAF) that receipts totaling \$71,076.40 were not disclosed to the FEC in the original October Monthly Report. This occurred because of bank deposits in transit (contributions deposited into the bank account outside of the October monthly reporting period). LCVAF believed that the contributions had been reported in the following reporting period and discovered this error in the process of preparing their Year-End Report for 2008.

The Amended October Monthly Report correctly reflects these receipts within the proper reporting period, and LCVAF has since modified the method by which it processes such contributions to eliminate future occurrences of this nature.

Please contact me if you have any questions or need further information.

Sincerely,

Patrick Collins
Treasurer
League of Conservation Voters Action Fund
