The Committee has filed an amended Form 1 with the following Memo Text. The Committee submits this Form 99 based on the

instructions provided on the Reports Analysis Division FAQ page to notify the FEC that it will operate both a contribution and non-contribution account.

Consistent with the stipulated judgment in Carey v. FEC, this committee intends to maintain two separate bank accounts.

The first bank account, which has existed since October 2011, will continue to be used to deposit and withdraw funds raised in unlimited amounts from individuals, corporations, labor organizations, and/or other political committees. The funds maintained in this first account will not be used to make contributions, whether direct, in-kind, or via coordinated communications, or coordinated expenditures, to federal candidates or committees. A second bank account is being created at this time to be used to deposit and withdraw funds raised in compliance with the source prohibitions and amount limitations of the Federal Election Campaign Act, as amended. Funds maintained in this second account will be used, among other things, to make contributions to federal candidates and committees.
