In response to the July 2 letter referencing the June Monthly Report 2009. We have found a clerical error in two transactions that were designated incorrectly. A Contribution on 1/28/09 to Demint For Senate for \$1000.00 was designated incorrectly for the Primary 2010. A second contribution to Demint for Senate on 5/14/2009 for \$2500.00 was also designated incorrectly as primary 2010. Each of these contributions have been corrected and we have amended the February and June Monthly reports to reflect the changes. We have notified the campaign in a letter to make them aware of the change in designation.
