

In response to the June 11, 2010 letter from the FEC indicating that we had made two \$5,000 contributions to the 2010 General Election of Friends of John McCain, we realized that we had made a clerical error in the report filed for the 1st Half of 2009, in which the \$5,000 contribution to Friends of John McCain was erroneously identified as being for the 2010 General election. That contribution should have been for the 2010 Primary election. We have amended the 1st Half 2009 report to correct the error.

Please contact us if anything further needs to be done to address this inadvertent error.
