To Whom it May Concern,

In the process of working on the year end filing, our hard drive has crashed with a minimum percentage recovered; consequently, our last report filed FEC-89307 was unable to be recovered.

We were informed that our former analyst, Ms. Parks was no longer handling our account and spoke to a temporary analyst, Julie about our situation. We have been trying to contact technical services all day in order to attempt to recover our last report, and have not been able to talk to anyone. We are hopeful to be in touch with someone to correct this problem and make the deadline of January 31st. In the meantime, we wanted to inform you of our current situation.

Thank you,

Sincerely,

B. Jeffery Brooks
