City State ZIP Code
WASHINGTON DC 20004

Based on an internal review of PAC records and reports, the Committee discovered a discrepancy of \$1,381.72 between its reported cash-on-hand balance and the balance in its bank account. In consultation with the FEC's Reports Analysis Division, the Committee has made a one-time, cash-on-hand adjustment in this amount on its 2017 April Monthly report, which reconciles the cash-on-hand at the close of the reporting period with the cash on hand in the PAC's bank account.
