

May 19, 2007

To Whom it May Concern:

Line 17 includes void checks in the amount of \$8,277.11. These checks have been outstanding for over two years and, because we are terminating the PAC, we are showing these checks as receipts for the final period. We contacted the FEC on more than one occasion in an effort to obtain advice as to the proper method to report this situation. This is our best interpretation to file as instructed.

Because this is the final report prior to the PAC's termination and all funds have been distributed, we request you expedite a review of this report. If it is determined that any other action is required on our part, please notify us. We are happy to comply with any additional instructions.
