Re: Amended Year End Report (11/28/06-12/31/06)

Dear Ms. Winship:

I am responding to your letter dated July 20, 2007.

The Schedule B disbursement for "Direct Mail" reflects public communications that did not include express advocacy, and for that reason it was correctly recorded on Line 21(b).

We are still working to verify the substance of the message reflected in the disbursement for "Polls" in order to ascertain whether or not it was reported accurately and will respond further as soon as we are able to do so.
