Regarding the RFAI dated December 12, 2022. The report has been amended on December 24, 2022 FEC-1673350. The following explains what occurred:

The software used to file the original 10/09/2022 48 hour report uses running aggregation instead of static aggregation. The Accrued Expense for \$1695.29 mentioned in the RFAI is the first transaction associated with this opposing the candidate and did not yet meet the \$10,000.00 aggregate threshold. The \$1695.29 is being itemized on the amended 10/09/2022 report because that is the total amount spent on opposing the candidate in the form of a debt. The \$1400.00 transaction referred to in the RFAI was a payment on that debt, and was not included in the amended report because that would imply more was spent on the office sought than the actual amount. Please let me know if further explanation is needed.
