

Mr. Lanz-

Amendments have been filed that should clarify the items outlined in your two letters dated 11/29/2006. First the FORM 1M was filed electronically earlier this evening. The FEC ID for the filing is FEC-265880.

Second, I have attempted to clarify all items electronically that pertained to your letter of 8/18/2006 and re-addressed in the second 11/29/2006 letter. Amendments for the July quarterly report and all subsequent reports have been filed. Your letter outlined three issues. The first being the disclosure of informatoin on individuals who contribute in excess of \$200 in a calendar year, our best efforts do include with the original solicitation a clear request for this information as well as the requirement to adhere to federal law. If the information is not provided with the original solicitation then a letter is sent to the contributor requesting that the information be returned to us in the pre-addressed envelope. Several of these missing items were updated with today's amendments.

For those individuals that have listed themselves as a Consultant and Self employed, a written request of clarification of this information will be made in writing by 12/20/2006.

The expenditures made for events-golf outing were for supplies such as name tags, paper, other supplies in preparation and presentation for the event. A few miscellaneous prizes were provided. The bulk of the expenses were for the Maryland National Golf Club and their fees were for greens fees and associated golf fees or for the food provided at the event. The only Federal Candidate in attendance was Congressman Roscoe Bartlett MD-06. He did not golf and therefore no Schedule B or E was outlined listing him. If these needs to be changed in some way, please let me know and I will amend as soon as possible.

If you prefer to correspond with me via email on any of this, my email address is mbartlettmd@hotmail.com.

Thank you again for your time on Friday.

Melissa Bartlett
