C00104471

Mailing Address 196 West State Street

City	State	ZIP Code
Trenton	NJ	08608

Amendment - 2017 May Monthly Report - This Form99 is being submitted in response to the FEC's request for additional information dated October 18, 2017. The FEC's inquiry requests information about two contributions from federal PACs that may not have been correctly deposited to the committee's federal account. With respect to the two federal PAC contributions - UFCW International Union Active Ballot Club (UFCW PAC) (C00002766) and United Transportation Union PAC (UTU PAC) (C00001636) - the committee has reviewed the related transactions and relevant materials. Please be informed that the committee uses two different contribution guidelines when it makes solicitations of contributions; one form is designed for solicitations of federal contributions and the other is designed for solicitations for non-federal contributions. The federal contributions guidelines specifically states that unless designated otherwise by a contributor, eligible contributions will be allocated to the NJDSC's federal account. In the case of the two subject contributions, each PAC submitted their contribution along with a contribution guideline form that related to a federal solicitation, and neither PAC contribution contained any indication that the federal PAC making the contribution intended for the contribution to be treated as a non-federal transaction. As such, the committee believes that both of the contributions have been appropriately processed/reported. The committee will follow-up with the subject PACs and if it is determined that the NJDSC's handling was not as intended, then a contribution refund(s) will be issued and reported. In the event further information is needed, please advise.
