Ms. Hough.

The Bill Foster for Congress Committee is in receipt of your February 28 letter regarding the 12 day pre-primary report. Thank you for bringing these matters to our attention.

For purposes of this response, the campaign assumes the FEC is referencing report # FEC-324702 and not the amended version of said report, FEC-325379.

Regarding point 1: The 24 hour notice of personal expenditures incorrectly identified a \$600,000 expenditure for solely the primary and \$0 for the special primary. The pre-primary report correctly identified the loans and properly attributed them to their respective elections. A corrected 24 hour report will be filed immediately.

Regarding point 2. The FEC compliance vendor of Bill Foster for Congress, NGP, informed the Committee that an error existed in coding that misidentified schedule 3z-1 filings. NGP contacted the committee recently claiming the error has been fixed.

The Committee found it necessary to amend it's Pre-Primary report for other matters discussed in Form 99 miscellaneous document FEC-325380. That report is FEC-325379. Corrected 3z-1 filings appear on that report.

Thank you for your correspondence on these matters and feel free to contact us with any further concerns.
