Americans for Electricity Choice Action, FEC Committee ID No. C00624833 ('Committee'), in response to the Reports Analysis Division request for additional information dated November 14, 2017, submits this Form 99 Miscellaneous Report to provide clarification to the in-kind contributions (Line 11(a)(i)) and off-setting expenditures (Line 21(b)) disclosed as 'In-kind-administrative' or 'In-kind employee contribution' transactions in the following reports:
 October Quarterly 2016;
 Post-General 2016;
 Year-End 2016;
 Mid-Year Report 2017; and
 October Quarterly 2017.

Specifically, each of these receipts is an in-kind contribution of pro-rata employee compensation by Aksamit Resource Management, the employer, to the Committee. More specifically, the employee time represented by these in-kind contributions was spent to administer the Committee, which is registered as a nonconnected committee that must, unlike a separate segregated fund, disclose assigned employee-provided administrative support in its periodic FEC Form 3X filings. The expenditures reported as Line 21(b) entries off-set the in-kind contributions described above to avoid disclosing an incorrect cash balance. These matched in-kind contributions and expenditures do not represent contributions of money, goods, or services by any individual. The donor, Aksamit Resource Management, is identified properly in each of these reports, which itemize the contributions properly, pursuant to applicable FEC regulations.
