Dear Mr. Stoetzer,

In response to your RFAI of July 3, 2013, an amended Form 1 has been filed. Previous errors were due to new treasurer not being familiar with the information required. In order to file electronically though, an initial Form 1 had to be filed first via our software, Complete Campaigns. Please disregard it and instead use the amended one that was filed promptly after the first one. I hope this clears up any miscommunication there might have been.

Many thanks,

Tom Montgomery
