

To Allen Norfleet:

This is In response to your letter of September 2, inquiring about the Mid-Year Report for the period ending 06-30-2011.

(1) In Schedule A supporting Line 11(a) (i), the receipt labeled "unitemized contributions" was the total of small gifts, most less than \$15, and none of the donors had yet reached an aggregate of \$200 for the year. I put this information on the wrong line.

(2) I see that I should have disclosed contributions to Federal Committees on a separate Schedule B. If I understand correctly, this information is for the next filing, and no amendment is required now.

Please let me know if there is anything further I need to do concerning this report.

Thank you,

Nancy Murray
