To Whom It May Concern:

We are in receipt of the Commission's inquiry, thank you for the opportunity to respond. We understand the statute that prevents a committee that is not an authorized committee from having a candidate's name in their name. Bob Barr has been a candidate for and a member of Congress but currently is neither. Also, he has no current intentions to seek office. Principal campaign committees from previous campaigns are very close to being terminated at this time and are not active.

Please advise us about our options if this is not acceptable.

Thank you,

Bob Barr Leadership Fund
