

In response to your letter dated September 19 regarding the July Monthly Report please note that the Committee paid payroll, phones, compliance fees, shipping and several other administrative expenses during the periods mentioned. The Committee does not have an office and there are no other monthly administrative fees.

Expenditures itemized for Catering Costs and the memo transaction to support the credit card payment itemized as Catering Costs - 1 Transaction were for the benefit of the committee and not for any specific candidates. The entries were reported correctly.

Please contact me with any further questions or concerns. Thank you.
