The Pacific Seafood Processors Association Political Action Committee recieved a Request for Additional Information on January 22nd, 2021.

Upon review of the request, we discovered that since converting to the eFile system, our cummulative totals were not pulling through accurately. Upon discovering this issue with our reports, we immidiately contacted our RAD analyst, Scott Bennett, to determine the best course to reconcile the issue.

Our end of year report was submitted on 1/29/2020 and does provide our accurate end of year balances.

We have reconciled previous reports for the year 2020 to reflect accurate cummulative balances and will work with Scott to ensure these are uploaded to the FEC as soon as possible so we are in full compliance for 2020. This includes the post-general report which will address the request for additional information.

Thank you - any questions can be directed to Leah Airt-Atkinson at admin@pspafish.net.
