RE: FEC RFAI on February 26, 2014

This memo is In response to your request for additional information regarding the 2013 October Quarterly Report. The FEC brought to our attention that the Ohio USA PAC had inadvertently exceeded the contribution limit when making the 7/25/13 contribution to the Enzi for Senate campaign due to the fact that the Voinovich For Senate committee had contributed \$4,000 in 2009 to that committee. That contribution was not noted in the Ohio USA PAC database correctly as it had come from the former committee.

To remedy this situation, the Ohio USA PAC requested and received a \$4,000 refund from the Enzi for Senate campaign. This activity will be reflected on the 2014 April quarterly report. We hope that this adequately resolves this issue.

Please let me know if you have any further questions.
