

October 21, 2009

CWALACPAC would like to note that for Doug Hoffman/NY-23 contributions, we were unable to import the 220 records (total for Schedule A and Schedule B) with the election code of Special General. After several phone calls to FECFile tech support and our analyst, it was determined that there is a bug in the software preventing the necessary code from being accepted on import. Tech Rep. Eliza Green told us on 10/21/09 that the accepted work around code to use brings up "Other" for the election type. This, therefore, is the code we used, hence the Hoffman contributions show up as "Other" 2009 instead of "Special-General" 2009.
