The SRA International Inc. Fund for Better IT in Government ('SRA Fund') recently received a letter dated December 15, 2004 from the FEC. The letter references the Notification of Multicandidate Status (FEC Form 1M) filed by the SRA Fund on October 8, 2004.

The letter states that Commissions records indicate that the SRA Fund has not received contributions from at least 51 persons. The SRA Fund did receive its 51st contribution from a person on October 8, 2004 as reported on FEC Form 1M.

The SRA Fund received contributions from 40 persons in amounts over \$250, requiring itemized reporting. Additionally, the SRA Fund received one-time contributions from 11 additional and different persons in amounts between \$50 and \$200. These contributions have been aggregated and reported as Unitemized Contributions from Persons on several timely filed Reports of Receipts and Disbursements For Other Than An Authorized Committee (FEC FORM 3X).

We anticipate that this information will allow Commission records to be updated to reflect contributions from 51 persons and that FEC Form 1M was properly filed.
