CTIA - The Wireless Association Political Action Committee (CTIA PAC) is in receipt of your March 26, 2014 Request for Additional Information (RAI) regarding CTIA PACs 2013 Year End Report. The RAI requests clarification regarding the original contributions that were refunded and disclosed on Schedule B, Line 28(a) of this report. Please note that the entries on Line 28(a) represent refunds to individuals of contributions they made to CTIA PAC over multiple calendar years, but that never exceeded \$200 from any contributor during any particular year. Because the contributions did not exceed the \$200 itemization threshold, CTIA PAC did not itemize them on previous reports, but included them on Line 11(a)(ii) for unitemized contributions. In an abundance of caution, CTIA PAC nonetheless itemized the refunds on its 2013 Year End Report because the total amount of each refund exceeded \$200 per contributor.
