

This Form 99 is filed in response to the Federal Election Commission s letter dated August 26 seeking clarifying information as to why two contributions disclosed on line 23 of the Amended June Monthly Report had not been reported on the Associated Builders and Contractors PAC original June Monthly report. In short, this was an oversight. Each of the two contributions in question had been manually cut and therefore were not automatically entered into the PAC reporting data base. As soon as we discovered this oversight the two contributions were entered into the database and an amendment filed.
