RE: FEC's Request for Additional Information dated Nov. 5, 2014

Dear FEC:

The Committee respectfully submits this response to the Nov. 5 RFAI, which the Committee was not aware of until after the deadline had passed because we inadvertently overlooked the FEC's email notification regarding this RFAI. The Committee has not overlooked any prior FEC emails; we are reviewing procedures to ensure it does not happen again.

The Nov. 5, 2014 RFAI inquires about the fact that the beginning cash balance of the 12-day pre-general report does not match the ending balance reported on the October quarterly report.

The discrepancy is explained by the fact that the Committee has identified expenditures made in previous reporting periods that did not make it into the Committee's reports. These expenditures were omitted by mistake. The Committee began entering the omitted expenditures into the FEC File software prior to filing the 2014 Pre-General, reducing the beginning cash on hand for the pre-general. However, the amended reports reflecting the expenditures have not been filed yet, as the Committee is entering the remaining expenditures and all changes to all affected reports. The Committee intends to complete the amendments and file all amended reports by early the week of 1/19/2015.

Sincerely,
Weber for Congress
