Dear FEC,

Committee for a Better Massachusetts filed a 24-hour notification report on April 23, 2013. Said report included information that was provided in an electronically filed report dated April 11, 2013 (Report). The expenditure referenced in both reports is the same, single \$24,000.00 disbursement to MultiMedia, Inc. on April 11, 2013. As mentioned in our immediately preceding form 99, this same expenditure was also subject of a hard copy 24-hour report dated April 12, 2013. In short, one expenditure was reported three times. By way of this filing, we are explaining that the Report is accurate and the other two should be disregarded. Thank you very much. Please do not hesitate to request further clarification or information.
