Re: Google LLC NetPAC (C00428623) July Report (7/1/21 7/31/21)

Dear Mr. Adamsky:

Google LLC NetPAC (Committee) submits this Form 99 Miscellaneous Report as an update to the Committees Form 99s submitted on January 31, 2021 and April 23, 2021 regarding misappropriated Committee funds.

In December 2020, an unknown, unauthorized, external party cashed three counterfeit checks from the Committees Wells Fargo Bank account: (1) a check dated December 15, 2020 in the amount of \$875.96; (2) a check dated December 17, 2020 in the amount of \$807.86; and (3) a check dated December 20, 2020 in the amount of \$876.78. The first two checks were cashed on December 18, 2020, and the third check was cashed on December 24, 2020. In total, \$2,560.60 of the Committees funds were misappropriated. The Committee has instituted a system of positive pay through Wells Fargo Bank, which will prevent similar misappropriation in the future.

The reported cash-on-hand balance in the Year-End 2020 report accurately reflected the Committees actual bank balance, as the misappropriation was identified prior to filing the report.

On April 1, 2021, Wells Fargo notified Google that they were unable to recover the Committees funds and that the fraud case had been closed by the bank.

However, the bank where the fraudulent checks had been cashed was later able to recover the funds and return them to Wells Fargo. On July 19, 2021, the misappropriated funds in the amount of \$2,560.60 were returned to the account. The Committee notified the Commission on August 5, 2021 of the return of the misappropriated funds and has been working with the Reports Analysis Division to ensure that its reports properly reflect this matter.

The reported cash-on-hand balance in the July 2021 report, filed today, accurately reflects the Committees actual bank balance.

We hope this information resolves any questions you may have about this report. If you require any additional information, please feel free to contact Erin Lama, external counsel for the Committee.

Sincerely,

Seth Webb
