Year End Report (10/01/2012 -12/31/2012)

We received your letter dated July 15, 2013 regarding the report mentioned above. We respectfully submit the following in response to your request for more information about two items.

1.Our year-end report for the period 10/01/2012 to 12/31/2012 disclosed activity outside the coverage date. Specifically, it included contributions received in August and September. These were general contributions, not designated for any specific purpose. Since no independent expenditures were made until October, a third quarter report was not required, and it was not necessary to report those contributions that were received in the third quarter. We should have omitted them from the year-end report. We hope this explanation is sufficient. If we should provide anything more, please let us know.

2.Believe in Indiana acknowledges that its Form 5 was filed approximately twelve hours late on October 12, 2012. This form, which was due on or before 11:59 pm on October 11, 2012, was filed at approximately noon on the next day, October 12th. This minor delay was inadvertent and unintentional. Believe in Indiana immediately corrected this situation as shown by its full compliance with all subsequent FEC filings. Additionally, this brief reporting delay caused only a minor lag in the disclosure of the independent expenditure information. Consequently, Believe in Indiana respectfully requests that the Reports Analysis Division does not refer this matter to the Federal Elections Commission
