

Thanks for your communication noting that our 2010 US General Election cycle entry was incorrectly showing as 2005 General. After further investigation, I determined that while adding 2010 US General Election to our database list, I correctly noted it in one field but incorrectly in another. I have corrected this election cycle entry and an amendment will be filed to note the change for the April 20, 2009, \$2500 contribution to The Richard Burr Committee.

To ensure we had no other contributions that should have been attached to the 2010 US General election cycle entry, I did a search and determined that there were three additional contributions previously done that were connected to the wrong cycle entry. Those contributions are noted below and amendments have been done for them as well. The actual checks were written correctly however.

Committee Name	Date of Transaction	Amount	Check #
The Richard Burr Committee	5/21/2007	\$1000	5625
The Richard Burr Committee	10/30/2008	\$1000	5820
Demint for Senate Committee Inc.	1/19/2009	\$1000	5847
