On 2/19/2014 the FEC issued us an RFAI in reference to our November Monthly Report. We were asked to address two issues:

1. Upon further investigation propted by the RFAI, and review of the UA Political Action Fund's filings with the Wisconsin Governement Accountability Board (our state elections commission), the contribution in question did not come from the UA's federal account - it came from their state account. Upon viewing the check copy - there was no indication on it the check that the contribution was from their state PAC either. To rememdy the situation we will refund the contribution in March and report it in the April monthly.

2. The payment to ADP on 10/31/2014 for \$27803.62 was originally reported in our report. All memoed items were originally included except a payment to Michael Tate for his salary. This disbursement to Michael Tate was reported in the different section of the report and can be found on page 72 of the report. The expenditure is for his salary of \$5104.17.
