Amendment to January Year-End Report covering 11/28/2006-12/31/2006

Dear Ms. Needles:

The following amendments are a result of a year-end audit by a new software vendor (PASS), which correct errors our previous software vendor (DDC)'s audits did not report properly. We are confident these errors will not occur in the future.

July Quarterly

1. The entry for \$150 on Line 28(a) which was included on the original and previously amended July Quarterly Report in error has been taken off of the report.

October Quarterly

1. An offset in the amount of \$1.95 has been added to the report as it was inadvertently omitted from the original and subsequent amended reports.
2. The entry for \$100 on Line 28(a) which was included on the original and previously amended October Quarterly Report in error has been taken off of the report.
3. \$9.27 in interest disclosed on the Amended report filed on 12/5/06 has been taken off of the report because it was reported in error.
4. Included an additional \$6.40 in Credit Card processing fees on this report.

12 Day Pre-General

1. Adjustment of the beginning and ending report balance figures.

30 Day Post-General

1. Adjustment of the beginning and ending report balance figures.
2. \$58.75 in interest disclosed on the original report has been taken off of the report because it was reported in error.

Year End

1. Adjustment of the beginning and ending report balance figures.
