COMMITTEE (FRESH PAC)

FEC IDENTIFICATION NUMBER  
C00040725

Mailing Address 1901 Pennsylvania Ave NW

City	State	ZIP Code
Washington	DC	20006-

10/12/2019 - \$4,965 – Unauthorized debit from the United FreshPAC Bank of America account number xxxx-1234. In regards to the unauthorized access of the United Fresh Produce Association's FreshPAC account at Bank of America (ending in numbers 1234), please see below:

1.The unauthorized access of the Bank of America was a result of a foreign hacker obtaining access to our Bank of America online user id and password. The hacker was, not an internal member of the United Fresh Produce Association staff; it was an unknown person, whose identify is still under investigation.

2.The unauthorized access was immediately reported to Bank of America customer service and our personal/local customer services team. The Bank of America personnel reported the unauthorized access to the Bank of America fraud department to handle the compromising of our account.

3.As a result of the unauthorized access of the FreshPAC account two things happened:

a.The online account was deleted and is no longer operational

b.Our online access goes through CashPro, cash management treasury platform. This platform requires a couple layers of security in order to access accounts. Additionally, security FOBs are required to initiate any ACH or wire transfers. Finally, we have set-up "Positive Pay" security for all disbursements. This requires Bank of America to match all disbursements to a file United Fresh Produce Association sends Bank of America when any disbursements are initiated.
