

An amendment to the 2010, Post General report was filed on December 23, 2010. The amendment reports the following changes:

1. Updated contribution information from American Solution PAC and House Conservatives Fund which properly reflects earmarked contributions provided by these organizations. Information from these organizations was not available when the original report was filed.
2. A refund of \$750 was made to Lenora Pusta on November 16, 2010, but was not included on the original report.
3. Contribution records for Jorie Kent and Jorie Butler Kent were made for the same person. These records were combined to accurately reflect cycle-to-date totals.
4. Itemized contributions from individuals increased \$217 and unitemized contributions from individuals decreased \$217, as a result of combining duplicate contribution records.

A refund of \$600 for excessive contributions has been made to Cathy Spano. This will be included on the 2010 year end report.
