C00025254 July 1, 2010 to July 31, 2010

The amendment reflects total changes on line 11ai and 11aia because of merging of duplicate records. Line 21ai and 21aia because some ratios had been incorrectly reported.

The committee disclosed payments for payroll, taxes, health insurance on Schedule B lines 21b for individuals that are paid 100% federal but not currently involved in federal election activities. Schedule B line 30b lists individuals who are paid 100% federal who are involved in federal election activity. Line 21a Schedule H4 shows individuals who spend more than 0% but less than 25% in a given month of federal election activities. All taxes and health insurance has been split among the three groups.

The year-to-date totals have been corrected. And items misreported on 21(b) have been moved to Line 30(b).
