This memo is in regards to the Request for Additional Information sent on May 25, 2017, raising concerns that the Committee may have failed to file one or more 24-hour reports.

All expenditures listed on the Attachment to the 5/25/17 RFAI are disbursements which were made to pay for previously reported independent expenditures. Because the independent expenditures were originally recorded as memo items, additional entries had to be created in order to record the disbursements.

In response to the RFAI, and based on a call with its analyst, the Committee previously filed an amended Post-General Report clarifying the nature of these disbursements by including both the date of dissemination and the date of disbursement, and stating in the 'purpose of expenditure' field the date for which the corresponding 24-hour report was filed. The Committee was recently contacted by its analyst raising questions similar to those raised initially, and is therefore filing a Form 99 in response to that contact.

In the course of responding to the RFAI, the Committee has done a review and confirmed that all disbursements for which 24-hour reports were required were disclosed on appropriate 24-hour reports.
