

This Form 99 submission is in response to the Commission's letter dated June 9, 2010. The receipts on Line 17 are for voter file purchases. The prices paid for voter file purchases are established using comparable prices charged by other state party committees throughout the country on a per record cost. The exact price paid to the Committee by each entity is determined by multiplying the per record cost by the number of records provided in the file purchased. This is considered the usual and normal charge for this good.
