This Form 99 communication is in response to a request for information from the FEC dated 2/25/2013 regarding 2012 debt retirement contributions made to 2 campaigns. Both checks were designated in error to General Debt 2012 and should have been designated Primary Debt 2012. We have contacted the "Friends of Trey Radel Inc" campaign and they have not cashed the check, so it will be returned to us and will be recorded as void in the reporting period it is received. We have also contacted the Tom Rice for Congress campaign to request a refund and that refund will be recorded in the reporting period received.
