To Whom It May Concern

I am writing in response to letter dated January 5, 2012, in reference to the amended April quarterly report.

At the time this amendment occurred, as you can see in your records, I was not treasurer. After reviewing reports and contacting the treasurer involved, the difference in dollar amount was due to a loan the candidate had made to the campaign. The previous treasurer had placed the loan in the amount of 25,000 in the April quarterly report at first.

When he realized the dates, he filed an amended report taking the loan amount off because the loan was made on April 1st which was suppose to be placed in the next report which was June 30th cutoff.

If you review that report, you will be able to see that the loan is listed in the June report with the date as receiving the money on April 1st.

Hopefully this will answer any questions as to why the reported amounts decreased a great deal with the amended reports.

Sincerely,

Nancy Marks
