This memo is in response to the FEC's request for additional information dated September 2, 2014. In this RFAI the FEC draws it to our attention that on our amended April 2014 quarterly report filed on August 27, 2014 our Column B figures in 11(a)(iii) and 11(c) shifted. Specifically, 11(c), Column B was \$3,000 less than previously reported and 11(a)(iii), Column B was \$3,000 more than previously reported. This shift in figures was due to the fact that our committee re-coded Hunton and Williams from a PAC to Individual/Partnership when the coding error was drawn to our attention in the RFAI sent to our committee on July 24, 2014. When we filed our amendment to the April Quarterly on August 27, 2014 this caused all Hunton and Williams contributions totaling \$3,000 cycle to date to shift from 11(c) to 11(a)(iii).

After speaking to the Commission today, September 25, 2014, it was determined that Rodney for Congress should continue to report Hunton and Williams contributions as individual contributions despite the shift mid-cycle-to-date from PAC to Individual and to file this Form 99 to explain the shift in figures.

We sincerely regret this confusion. Please do not hesitate to contact me if there are any questions or concerns.
