We have not had any activity related to FEA, therefore there has been nothing disclosed as FEA on Line 30 of our report. There has been no disbursements made on behalf of any candidate, all direct mail, telemarketing, election day long distance and related activities have been for get out the vote and voter registration. Also, as noted on our February Monthly Amendment, we purchased our building in the past, therefore we do not have any expenses for rent and will not in the future.
