This response pertains to the Reports Analysis Division's ("RAD") Request for Additional Information ("RAI") dated January 13, 2015, requesting that the Michigan Chamber of Commerce (the "MI Chamber") amend its October Quarterly Report to include information about its contributors.

No contributions or donations accepted by the MI Chamber were solicited or received for the purpose of furthering the reported independent expenditures. Accordingly, no contributions or donations were required to be reported under the regulations cited in the RAI.

With respect to 11 C.F.R. 114.10(f), this regulation applies to "qualified nonprofit corporations." The MI Chamber is not a "qualified nonprofit corporation." If the cited provision has any relevance whatsoever to the reporting of contributions in connection with independent expenditures, it is, by its own terms, inapplicable to the MI Chamber.
