Dear Ms. Eger,

The Our Country Deserves Better PAC ID# C00454074 is in receipt of your amendment request for our 12 Day Pre-General Report. We are currently working with our software provider, NetFile, in order to provide a comprehensive amendment to you. I was hoping to have this job completed today, but the programmers are running behind schedule. I will hopefully have the amendment filed in the next few days.

Thank you and if you have any questions or concerns please feel free to call me at 949-858-7448.

Sincerely,

Betty Presley
