

This letter responds to Ms. Laura Sinram s letter requesting additional information for the 30 Day Post General Report (10/16/08 11/24/2008). Following is our response to each of the two items in her letter:

1. According to our records, the Schedule E total of \$701,270.04 for the calendar year-to-date is the correct amount of the cumulative amount in support of McCain. The TOTAL for all Schedule E expenditures year-to-date (as of November 24, 2008) were \$791,799.34, which consists of \$701,270.04 in support of McCain, \$71,828.27 in opposition of Clinton (reported on previous reports) and \$18,701.03 in opposition to Obama. Our reporting system discloses the cumulative amount for each candidate in the calendar year-to-date per election for office sought box, not the total of ALL expenditures for all candidates supported/opposed during the year. To derive the total for ALL candidates supported/opposed, the totals for each candidate would need to be added together to arrive at the grand total.
2. We have amended the report to reflect the accrual of the independent expenditures as of the election date.
