

This letter is in response to the Commission's request, dated April 30, in regards to our Committee's 2010 April Quarterly Report.

The Commission notes that the Committee's H3 transfers exceeded the non federal totals listed on Schedule H4 for the reporting period. This is because \$6,554.92 worth of that transfer was from outside the reporting period. This was done utilizing the 60 day window on the January 30th transfer.
