REFERENCE: AMENDED OCTOBER QUARTERLY REPORT (07/26/2012 - 09/30/2012),
RECEIVED 10/15/2012

We have received the FEC's communication regarding the failure to file two 48-hour notices for contributions greater than \$1,000 for the above-mentioned reporting period. We have reviewed the procedures for checking contributions received during the 48-hour notice period prior to an election and will ensure enhanced policies in this area are followed in the future.

The two contributions were both received on the same date, leading us to believe that the 48-hour report for that date was not properly filed electronically as was done on other dates.
