This report is done at the request of Arman Tarzi per our telephone conversation on Friday 11/07/2014

Alaska Right to Life Federal Victory Fund's amendment of our statement of organization was necessary for the following reasons:

Marking of box (f) on line 5 of our original FEC Form 1 was in error. This was due to confusion regarding the definition of "connected organization" (in box (e) of line 5) and language for box (f) regarding the potential of "supporting/opposing more than one Federal candidate." This Error has been corrected in the amendment.

In an effort for full disclosure the listing of Alaska Right to Life INC, PAC and Pro-life Victory Fund as "affiliated" on line 6 was in error due to confusion regarding the definition of an "Affiliated Committee". This Error has been corrected in the amendment.

Also I misunderstood the purpose of the email field in Form 1 and have not been receiving notifications on my main email from the FEC. This error has been corrected with our amendment. This is my first experience with FEC laws, regulations and reporting systems. Please forgive our tardiness.

Thank-you for your patience

-Christopher Kurka
Treasurer Alaska Right to Life Federal Victory Fund
