Re: Response to the Request for Additional Information dated 03/06/2017 concerning the Year-End Report (11/29/16 ? 12/31/2016)

Dear Mr. Michael:

This letter is being filed as a response to the Commission's Request for Additional Information (RAI) dated March 6, 2017. You suggested that our PAC may have already met the requirements to become a Qualified Multicandidate PAC.

Please note that we at SLMPAC understand the certification requirements for multicandidate status. While the PAC has been in existence for more than six months and has contributed to at least five federal candidates, it has not yet received contributions from at least 51 different persons since our inception. All contributions from individuals have been disclosed as required on FEC reports. While we have contributors who are only disclosed in the unitemized totals on our previous FEC reports, these individuals added to our itemized contributors do not total 51 persons in the aggregate.

As we strive to meet all federal reporting obligations, we will continue to monitor our contributions and ensure that we submit Form 1M (Notification of Multicandidate Status) as soon as we welcome our 51st contributor and meet this final qualification.

Sincerely,

Vincent Tallman  
Treasurer  
SLM Corporation PAC (Sallie Mae PAC)
