Re: October Monthly Report (9/1/07 - 9/30/07)

Dear Ms. Winship:

This submission is in response to the recent review of the Committee's reports.

Progressive Choices PAC is a small non-connected committee with limited administrative expenses, no salaried employees or its own office. The Committee's activities are administered by the finance and compliance consultants who are compensated at the end of each year. Like many small committees, the Committee shares office space with another organization, and has disclosed payments for rent, telephone and office supplies. Operating expenses are reported on Schedule B in support of Line 21b. There are no outstanding debts and obligations to report.

Sincerely,

Karen Lennon
Treasurer
