Dear Ms. Seufert:

This letter is in response to your letters dated January 19, 2015 and February 11, 2015.

Your letters indicate that the Committee disclosed contributions from individuals for which the identification is incomplete with regard to employer and occupation.

The Committee is well aware of the three-fold best efforts process. First, every solicitation includes a clear and conspicuous request for the full name, mailing address, occupation and name of employer and informs the contributor that federal law requires the Committee to request and report this information.

Second, if the if the required information is not initially received, within 30 days of receipt, the contributor receives a request to provide the missing information. All follow up requests clearly ask for the missing information and do NOT contain a solicitation for a new contribution. These requests are generally made by phone, email or by letter. This request restates the requirements of federal law for requesting and reporting such information. If the request is sent by mail, it includes a pre-addressed return envelope.

Third, if missing information is received, the Committee updates and amends the affected reports. The 12 Day Pre-General and 30 Day Post-General Reports have been amended to reflect all updated donor information.

Please note that the Committee is aware that "Information Requested Per Best Efforts" is not a sufficient employer or occupation. However, per FEC guidelines, this simply indicates that the Committee is aware that the information is incomplete and the Committee is following Best Efforts procedures to request and report the information. In addition, the Committee discloses the information as it is provided by the contributor. In many cases, Self Employed/Self Employed or Self Employed/Business Executive is the only information provided and the contributor provides that same information each time he or she is asked to provide such information.

Sincerely,
Lisa Lisker
Treasurer
