Reference: October Quarterly Report (07/01/2020 - 09/30/2020)

To Whom It May Concern:

This letter is in response to the request for additional information dated March 9, 2021. Please find below the Committee's responses to the five items referenced in the RFAI:

1. The Committee has amended its October Quarterly Report as well as all reports filed during the 2019-2020 cycle in order to properly disclose all contributions from individuals who contributed in excess of \$200 in a calendar year.

The Committee has also implemented a "best efforts" process to ensure that the required disclosure information is obtained for all contributions moving forward.

2. The Committee has amended its October Quarterly Report to properly disclose the name and address of any entities that made contributions to the Committee for which the Committee has the relevant information. The Committee has contacted all relevant entities and individuals to obtain any disclosure information that is still outstanding.

3. The Committee has amended its October Quarterly Report to correctly disclose the address and purpose of all itemized disbursements.

4. The independent expenditures referenced in the RFAI were not reported within the 48 hour window because the personnel preparing the report were not made aware of the expenditures until after the 48 hour window had expired.

All independent expenditures have been correctly disclosed on the Committee's amended report.

The Committee is in the process of reviewing its internal procedures to ensure that all future independent expenditures are reported on times.

5. The Committee has amended its October Quarterly report to correctly disclose all independent expenditures referenced in the RFAI.

Respectfully submitted,
